

4000W

Proof positive that innovation comes in small packages.

The **4000W** is a compact day safe ATM for interior use. It's ideal for smaller stores, coffee shops, bars and other locales where space is at a premium. Best of all, it serves as a hassle-free revenue generator in a reliable, secure platform. The **4000W** delivers the same high quality and proven dependability you expect from industry leader Nautilus Hyosung.

COMPACT SIZE

The **4000W** can be mounted to a wall using the sturdy steel brackets included with every ATM or optionally mounted on a table or counter-top. The **4000W** provides full set of features in a compact package and sets the standard for innovation and convenience for small spaces.

INNOVATIVE DESIGN

The **4000W** provides unsurpassed convenience to all users by providing an intuitive graphical user interface through an 8-inch color LCD screen. The **4000W** was designed with speed and ease-of-use in mind so you get rapid transaction processing and speedy service.

MAXIMUM RELIABILITY

Ease of maintenance and simplified service ensure maximum availability and uptime with minimal operational intervention.

ADVANCED TECHNOLOGY

EMV-ready configurations are available now for Canadian customers. US customers can order EMV as an option and easily enable the feature as soon as processors offer support without changing machines or components. The **4000W** will also support Nautilus Hyosung's advanced function applications such as Dynamic Currency Conversion and MoniView Remote Management Software.
